Students adhere to new norms, miss old times

Sanjay Sahay

Ranchi: After attending offline classes for around a month, most students in the city said they have become accustomed to the new normal of wearing masks and maintaining social distancing, among others. Notably, physical classes have resumed for Class X and Class XII batches in the state.

Alice Prisca, a Class XII student of Don Bosco Public School, said she misses the earlier times when she and her friends used to walk around the campus and share tiffin with each other during lunch break.

She said, "We diligently follow Covid protocols on the campus to curb the spread of the pandemic. Like everybody else, I'm also praying for life to return to normal." A Class XII science student of DAV Kapildev, Aditya Prakash, said that although following Covid protocols in the school was difficult initially, they have all got used to the new rules. "Now interactions take place only when they are absolutely essential," he said.

Physical classes have resumed for Classes X and XII in Jharkhand

He said that offline classes have been particularly useful in preparing for practical examinations. Anupam Adarsh, a Class XII student of Jawahar Vidya Mandir Shyamli, said, "Thermal scanning and sanitising hands have become a routine affair in school. Now students proceed to their classes and sit on benches instead of moving around after entering the campus. The seating arrangement has been made to comply with the social distancing norms."

He said online classes cannot replace on-campus ones as the students can better interact with the teachers during physical classes and remove their doubts if any. While allowing classes to resume, the state government had issued a standard operating procedure to be followed by schools. Thanks to the SOPs, no school has reported any fresh Covid infection among students since the resumption of classes.

Vax beneficiaries with AEFI motivate others to get shot

243 Complained Of Adverse Effects After Getting Covid Jab

Gaurav Pandey

Ranchi: The vaccination drive has entered its second phase and inoculation of health and frontline workers was being carried out seamlessly at more than 150 session sites in the state, but many beneficiaries still have apprehensions over the safety and efficacy of the Covid vaccines.

Health experts, though, continued to vouch for the safety of the vaccines and advised beneficiaries to get themselves inoculated as per their turn in order to develop herd immunity and defeat the pandemic.

As per data available with the health department, a total of 243 people have reported adverse event following immunisation (AEFI) in the state till date, with capital Ranchi recording the maximum of 167, followed by Ramgarh with 19 cases, Koderma 18 and Dhanbad 10. The other districts have reported such cases in single digits.

A majority of AEFIs in the state capital was reported from the state's lone tertiary care centre Rajendra Institute of Medical Sciences (Rims), however, all of them were in the mild category.

File photo of a police constable taking the vaccine in Ranchi

"I can assure people that the vaccines are completely safe and every beneficiary should get themselves inoculated. I was inoculated on February 2 and had experienced headache and dizziness within the first 10 minutes after getting vaccinated. But those symptoms didn't last long and I am perfectly fine," said a 28-year-old post-graduate medical student of the pathology department of Rims.

Another beneficiary from Rims, a nursing student, who had reported an increase in her blood pressure levels following immunisation, said: "I am hypertensive and my blood pressure levels increased a bit post vaccination. However, I haven't experienced any other complications. So I would like to assure others that the vaccine is safe and they should go for it."

Beneficiaries from Dhanbad who reported AEFI included a 58-year-old sanitation worker and a 25-year-old sahiya and they, too, claimed that the vaccine was safe.

"I had experienced body aches for a couple of hours after the vaccination but that was all. I was asked to take proper medication and the next day I could report to work. It has been more than four days now and I am alright," said a 25-year-old sahiya associated with PMCH Dhanbad.

Another beneficiary from PMCH, a 58-year-old sanitation worker, said: "I am going to retire in the next two years and nothing happened to me. So younger people who are doctors and nurses shouldn't worry about the safety of the vaccine. I just experienced headache for around 30 minutes on the day of inoculation."

The nodal officer for the vaccination drive in the state, Dr Ajit Prasad, said: "We have directed the districts to monitor each and every beneficiary during vaccination and they should be attended to if they experience any adverse reaction. As of now, none of the AEFIs reported in the state was serious in nature."

26 of 41 new Cov cases from Ranchi

Ranchi: Jharkhand on Friday recorded 41 fresh Covid-19 infections and 17 recoveries, with there was no death due to the virus for the second consecutive day in the state. Meanwhile, active cases came down to 441. On Friday, only nine of the 24 districts reported new cases, with Ranchi clocking the maximum at 26. Khunti and Pakur, which had become covid-free, had a count of three and one active cases on Friday. As per government data, as many as 1,18,938 people have been infected by the virus till date and 1,17,420 have recovered, taking the recovery rate up at 98.72%. Meanwhile, a total of 9,962 beneficiaries were inoculated on Friday across 163 session sites in Jharkhand. Of the 8,962, 7,672 were healthcare workers and 1,270 were frontline workers. The overall turnout remained low at 39% as only 8,962 of the 22,971 targeted were inoculated in the state. As per health department data, a total of 84,103 beneficiaries of 3,28,704 scheduled till Friday have been vaccinated. A total of 246 AEFIs have been reported till date. TNN

Maid ends life: A maid, Saloni Horo (45), beat up the son and other family members of CRPF official Jagat Anand Surin before allegedly committing suicide at his residence in Edalhatu under Bariatu police station on Thursday evening. The official's son Priyank Surin (7) and two other old ladies of the house have been admitted to Medica hospital with serious injuries. TNN

BEFORE THE DEBTS RECOVERY TRIBUNAL, RANCHI
5th Floor, Pragati Sadan (RRDA Building), Kutchery Chowk, Ranchi - 834001
